

Dear Mr. Henson,

I want to formally thank you for handling my case in the professional, caring and dignified manner in which you did.

I felt as if though my life and livelihood had forever been taken from me before your law firm agreed to handle my case.

The law firm of HensonFuerst, P.A. restored a portion of my life that an accident had taken away. But more importantly, Mr. Henson, your firm restored credence to a profession that has been scrutinized in a dubious light by laypersons such as myself.

It should not be anyone's desire to be involved in an automobile accident or wrongfully injured, but should this misfortune besets them, it is comforting and assuring to know that diligent attorneys such as HensonFuerst, P.A. are available to champion their cause in getting fair compensation.

Thank you again for caring.

Sincerely,

*Karyetta*
