Dear Thomas, Candace and the Law Firm of Henson and Fuerst,

I would like to take the time to thank you all for your time, consideration and thoughtfulness you have given my family and I during this difficult time. Since 2005 you have been right beside my son and I and have always wanted the best for the both of us. Knowing that you cared so deeply really mattered to all of us.

Thomas, all the dedication you gave to this case was amazing. I cannot ever thank you enough for all the trips you made to see us and all the measures you went through to make sure that the best came out of this situation. I never felt so much at ease going to a court deposition or any mediation meeting that required my appearance. Having you there gave me the confidence that I needed to get through. Thank you so much once again for all the dedication and hard work in which you put into this case for Jermei and I. I could have not asked for any better job done with such professionalism in that way that you and your staff gave to my family and I.

Bob, from the very first phone call you were there to listen to my needs and concerns as to what was going on. I want to thank you for being by my side when it came to depositions, court appearances and the need for doctors to see Jermei. I want you to know that having you beside also kept me at ease and my confidence for Jermei going strong. You really made a difference in all that was done to help my son in his great time of need. I could never thank you enough for all of your dedication and hard work.

Candace, I want to thank you so much, your dedication means so much to us also. You never let any question of mine go with out being answered and if you did not have the answers you always seems to find them. You were always there to listen and to talk just when I needed someone to be there. Most of all the fact that you always returned each and every call I made to you. I was never left wondering if you were going to call or not I knew that you always would. Most of all you always kept me informed of what was going on with my case and never left me wondering what was going to happen next. Thank you so much for all of your dedication to Jermei and what was best for him.
